Welcome to USA College Day 2024

On behalf of the U.S. Embassy in London, I am thrilled to welcome you to USA College Day 2024. The United States has a storied tradition of welcoming international students to our country, and we look forward to continuing that partnership.

The United States remains a top study-abroad destination for UK students. The number of UK students studying in the U.S. continues to grow - a sign of the solid and enduring ties between our two nations.

When you choose to study in the United States, you are selecting from among the world's very best institutions of higher learning. USA College Day offers a unique opportunity to meet representatives from more than 100 universities. They represent a vast range of institutions and geographic regions and are here with you today because of their commitment to attracting amazing British students to their campuses.

Studying abroad is a life-changing experience. Colleges and universities across the United States value international students for the unique and diverse perspectives you provide both in and out of the classroom. American universities and communities benefit from your knowledge and talents, which helps prepare all of us for shared success in an ever more interconnected world.

Your official source for U.S. higher education in the UK is the U.S.-UK Fulbright Commission's Advising Team, part of the EducationUSA network. EducationUSA staff work year-round to assist anyone interested in studying in the United States. They run free events throughout the year to help UK students, parents, and teachers learn more about the U.S. admissions process.

I encourage you to take advantage of the wonderful events and services offered beyond USA College Day. Hopefully, you will be able to attend one of the regular Study in the USA seminars to find out how to choose where to apply, what the application process looks like, and how funding works. Also, you can visit the EducationUSA website and sign up for a webinar on topics ranging from general questions on study in the U.S., to scholarships, to the role of community colleges.

Thank you for your interest in studying in the United States and joining us today for the 47th annual USA College Day. I would like to wish you the best of luck on your applications.

Sincerely,

Jane D. Hartley

Ambassador of the United States of America to the United Kingdom of Great Britain and Northern Ireland

About the US-UK Fulbright Commission

From 17-year-olds to septuagenarians, we support education exchange between talented people of all backgrounds between the UK and the USA, enabling study, teaching and research at some of the world's most exciting universities through scholarships, advice, coaching and experiential learning.

EducationUSA

The EducationUSA centre at the US-UK Fulbright Commission is the UK's official source of information on US higher education and is part of the global EducationUSA network, comprising over 400 US educational advising centres worldwide. Our team of educational advisers provides accurate, unbiased information about all accredited US higher education institutions and offers a wide range of free resources, events and services for students, parents and advisers, reaching over one million students, parents and advisors annually.

In partnership with the Sutton Trust, the US-UK Fulbright Commission also runs the Sutton Trust US Programme, which provides academically-talented British students from low- and moderate-income homes the opportunity to explore US study. It includes a number of UK residentials and a week-long trip to the United States to visit a variety of universities.

US-UK Fulbright Awards Programme

The global Fulbright Programme is one of the most prestigious awards programmes worldwide, operating in over 150 countries, with over 300,000 alumni.

The US-UK Fulbright Awards Programme offers a wide range of scholarships to support postgraduate study, research and teaching. Since the Commission was founded by diplomatic treaty in 1948, it has enabled more than 23,000 British and American citizens to study, research and teach at universities on either side of the Atlantic, advancing knowledge, promoting civic engagement and developing compassionate leaders. In the 21st century, Fulbrighters work to address major global challenges, from energy sustainability and economic development to public health and food security.

Be sure to visit the Fulbright stands in the Advising Zone to find out more about the services and support that Fulbright can offer you.

Why study in the USA?

More than 10,000 students from the UK study in the United States every year. Find out why so many students choose the US for their studies.

Quality, variety and reputation of US universities

Although university rankings should be taken with a grain of salt, US institutions consistently rank in the top ten universities in the Times Higher Education World University Rankings.

With over 4,000 institutions offering undergraduate degrees, students can also choose from a large and diverse pool of universities, compared to 120 universities in the UK. From such variety of universities, there's bound to be one that's a great fit for you.

Liberal arts curriculum and focus on teaching

You don't have to know what you want to study when you start your degree. The liberal arts curriculum at US universities is a real selling point for students who don't want to narrow their study options at the age of 18.

A liberal arts education allows students to become well-rounded and provides them with flexibility in exploring their academic interests before specialising in a major, or even a double major. If you have a passion for something and it is not offered, you might even be able to create your own curriculum and degree.

Campus life and extracurricular activities

Whereas UK universities focus on independent learning and particularly on academics, on a US campus, your learning and development is encouraged outside of the classroom/library too.

American universities aim to educate the whole student by providing opportunities for extracurricular involvement, community service, internships, sport, leadership and the arts. If there isn't a club you're interested in, you can create your own.

Funding opportunities

The availability of funding is a big draw for international students. Undergraduate scholarships are often offered to students based on merit, extracurricular achievement, financial need or certain personal characteristics. Just being an international student makes you stand out, so if you look hard and remain flexible, there's probably a scholarship for you.

Internationalise your CV

Employers are increasingly looking for graduates with international experience and broad skill sets.

International students in the US also have the opportunity to gain experience in industry during their studies through work experience and internships and can work in the US for up to one year after graduation from an American university on the Optional Practical Training (OPT) scheme; graduates in STEM subjects can stay on for up to three years.

US institutions offering undergraduate degrees

Application timeline

Ideally, the application process will begin 1-1½ years before enrolment at a US university. For most students, this is during the spring/summer at the end of Year 12 (or equivalent).

Spring/early summer at the end of Year 12:

- Begin by reading the comprehensive US admissions information provided in the 'Going to the USA' section of the Fulbright website: **www.fulbright.org.uk** and begin thinking about your choosing factors.
- Research universities that meet your criteria and begin selecting the universities to which you will apply.
- Make a schedule of application deadlines and requirements.
- Based on the universities you are interested in, decide whether you need to take an admissions exam (the ACT or SAT) and register early. See page 16 for more info on admissions tests.
- Begin drafting your university and funding applications.
- Most university applications open online on 1 August, including the Common Application (used by over 900 US universities).

Autumn/early winter of Year 13:

- If you need to submit standardised test scores for your applications and have not already taken the test, you should register for and sit it at this point. The tests are offered on specific dates, generally from October through June. Depending on the test, it can take a few weeks for your scores to be ready. Keep in mind, most universities would like to receive these scores in time for their application deadlines and you will want to see them before they go to the universities, so you can act accordingly.
- Narrow your choices to the final list of universities to which you will apply. We recommend applying to 6-10 well-chosen universities (see page 10 for factors to consider when choosing a university).
- Write and edit your admissions essays.
- Request a transcript from your school and choose referees for 2-3 letters of recommendation.
- Alongside (or as part of) your admissions applications, apply for funding from US universities and external funding bodies – see page 12 for more information on funding US study.
- **Submit your applications.** Early Decision (legally binding) and Early Action deadlines are generally in early November, while Regular admissions deadlines tend to be in January.

Spring/summer of Year 13:

- Receive regular admissions decisions by email or post between March and April.
- Notify the universities of your decision by 1 May, pay a non-refundable deposit and apply for your visa.
- August/early September: orientation and enrolment – begin study in the US!

Choosing a university

With thousands of academic programmes, world-class institutions and unrivalled flexibility, the USA offers a breadth of higher education opportunities you won't find anywhere else in the world.

Narrowing these institutions down can be an exciting and surprising process, and many students find their perfect match at a university or location they had not previously thought or maybe even heard of. To help you narrow down the many options of universities in the US, we have created three steps to find your fit. Follow our three-step process for choosing the best university for you!

Step 1: Think before you search

Speak to those closest to you and prioritise the more important factors for your US university experience. The list below is not exhaustive, but lays out some things you might consider:

- Type of degree and university, class size
- Funding opportunities, cost of living
- Academics (whether you're on par with their average admitted student, majors on offer, style of teaching etc)
- Personal fit (campus life, size, setting, clubs, internship opportunities etc)

Step 2: Do your research

Once you know what is important to you, it's time to do some research and put together a list of 10-20 universities that meet all or most of your criteria.

Please see our website for several links with resources that can help aid your research process, including our own USA College Day university page and other university search engines and review guides.

Some of these resources include university rankings, but rankings in the USA are not the same as in the UK. Some do not rate the quality of teaching or graduate prospects, and some give weight to how much money a university has, or even invite universities to peer rank themselves! We therefore advise that you take rankings with a grain of salt.

While rankings can be a useful tool, they should not be the only method you use to choose a university. We encourage you to use the search functions listed on our website to look for universities that meet the factors that are important to you.

Step 3: Narrow your choices

Once you have 10-20 universities that meet your criteria, you should narrow this list down to the ones to which you will apply to and which will be the best fit for you. Think strategically to increase your chances of admission.

We recommend you apply to 6-10 US universities to maximise your competitiveness, with a range of institutions including:

- 2-3 "reach schools" – schools where admission would be tough based on your academic profile
- 2-4 "match schools" – schools that match your academic profile
- 2-3 "likely admittance schools" - schools where your academic profile is safely higher than their average (think 'insurance' choice)

If you require university funding, consider applying to more 'insurance' choice and match schools than reach institutions. Wherever your academic profile is higher than the university's average, the more likely it is that you will be a competitive applicant and stand a greater chance of gaining merit-based scholarships if there are any available.

Campus visits

You do not need to visit a US university before you apply. However, if you have the resources and time to do so, campuses are usually open for self-guided tours throughout the year, except federal holidays and winter closures. You should contact each university to find out their specific arrangements, and when guided tours are available.

If you cannot visit a university, consider the following:

- Meet the university at USA College Day
- Check if virtual tours are available
- Ask the admissions office to put you in touch with a British student or alumnus
- Follow the university on social media

Funding US study

There are lots of opportunities to fund your undergraduate studies in the USA, but strategy and organisation are key.

What to know:

- Universities with higher "sticker prices" can sometimes also be the ones with large endowments to fund the most competitive applicants
- It pays to be flexible and open-minded
- You can't take your UK student loan with you
- Not all US universities offer financial aid to international students

Steps for funding US study:

1. Visit the Undergraduate Study – Funding section of the Fulbright website (**www.fulbright.org.uk**) for information about funding US study. Funding options include: Personal/family savings, scholarships from US universities, scholarships from external funding bodies and loans from a US or UK lender.

2. Assess your personal/family savings to determine your financial need.

3. Investigate university funding. Applying for funding often happens simultaneous to (or is integrated into) the admissions process. US universities may award funding on the basis of financial need (sometimes referred to as grants) and/or merit (scholarships), as well as sports scholarships.

4. Choose your US universities carefully, as not all will offer funding to international students. Some may have significant financial aid, scholarships or be located in areas with lower living costs (see page 10 for more tips on choosing a university).

5. Explore external scholarships. Many scholarships from external funding bodies are awarded based on specific personal qualities outlined by the funding body. Enjoy doing volunteer work on the weekend, have a unique background or participate in community theatre? There may well be an organisation or university that is willing to reward you for who you are and what you like to do. Scholarships from external funding bodies may also be awarded on the basis of merit.

6. Loans. The availability of US-based loans for non-US citizens is limited. In almost all cases, US-based loan programmes require non-US citizens to have a creditworthy US citizen or permanent resident to act as a co-signer. UK citizens may apply for a personal loan from a UK bank and apply it toward US study, however you should pay careful attention to the terms and conditions of such loans. US citizens can apply for US government loans via the FAFSA website and may be eligible for loans from a private US-based lender.

Funding tips:

- Talk to each university you're interested in about money - they might be able to give much more direct answers than the website
- Be strategic in choosing where to apply and during which admissions round
- Start your scholarship search early and be willing to put in extra time and effort to seek out and apply for scholarships
- Apply to multiple sources of funding (including university and external funding bodies)
- Keep in mind that if you are not a US citizen, you will need to demonstrate access to sufficient funding for the first year of study in order to apply for a visa

Suggested funding resources:

US universities' websites, the Fulbright website and mailing list and online scholarship searches, including:

- Big Future College Search (when completing the college search, tick the box to show only results that offer financial aid to international students) - **www.bigfuture.collegeboard.org/college-search/filters**
- **www.fundingusstudy.org**
- **www.internationalscholarships.com**
- **www.iefa.org**
- **www.edupass.org/finaid**
- **www.educationusa.state.gov/**

The application process

We recommend that you begin this process early! You should plan adequately for the time and effort involved. We also advise you to stay organised and note deadlines to track what you need to do and when.

Start early, plan ahead, and know the application requirements.

Be aware that applications require a great deal of preparation and planning. In the US, application requirements can vary greatly from one institution to another, so you will need to check the website of each institution's international admissions office. Undergraduate applications are typically due between November and January to enrol the following autumn.

Things to know:

- Unlike UCAS, you apply to each US university separately
- Over 900 US institutions use the Common Application, an online portal to help you manage each application – we have a page dedicated to this on our website with a student and school guide, as well as video tutorials
- Universities will set their own application deadlines, fees and requirements
- You apply to the university, college or school as an undergraduate student, not to a specific degree programme or department
- Offers of admission are not conditional/unconditional in the way that most UK offers are – if they admit you, they expect you to continue working towards your predicted grades, but won't specify required grades and are unlikely to rescind your offer unless your final results are significantly lower than your predictions

Since US university applications are slightly longer than in the UK, you have a greater opportunity to demonstrate why you are a suitable applicant. The US admissions process is holistic and your application is taken in context.

If you've done your research and have chosen suitable universities, you stand every chance of being an attractive applicant to the admissions committee. More British students study in the USA than anywhere else in the world: we want to study there, and they want us on their campuses. The following components typically make up a university application:

1. Application form: which asks for basic information such as contact details, schools attended, marks achieved, work experience, community/school-related activities, etc.

2. Transcript and school report: a transcript is a listing of your academic qualifications and marks covering your final four years at secondary school/sixth form. It may include GCSE marks, predicted A-levels (or equivalent), academic honours, information about your school, etc. Your school/counsellor may need to create a transcript – we have a template and further guidance on transcripts available on our website. The school report provides the admissions committee with information about the context in which you have studied.

3. Admissions test scores: admissions test scores (either the ACT or SAT) will be sent to universities that require them by the organisation that administered the test.

4. Essays: strong essays can set you apart from other applicants and give you an opportunity to showcase what you as an individual can bring to a university. Rather than submitting an explanation of your interests and achievements in a specific field of study as you would in your UCAS personal statement, you will be asked to respond to between one and three essay questions on your US university application. Each university will set its own questions, as well as desired length for your response (often 250-650 words).

5. Recommendation letters: you will likely be required to gather 2-3 letters of recommendation from people who know you well in and out of the classroom. The university may provide guidelines for selecting referees, such as requiring one letter from a teacher or school official. You will be responsible for liaising with your referee and should use recommendation letters as a marketing tool for you as an applicant. We have further guidance on this component of your application in the university guide on our website.

6. Application fee: you should also be aware that there may be a fee involved for each university application

you submit, which is set by each institution. This is another reason we advise you to narrow down your options to 6-10 universities! You should anticipate approximately $50-100 per application, though fee waivers may be available in some cases.

We have a detailed guide to US undergraduate applications available on our website at **www.fulbright.org.uk**, where you can find substantial information to learn about the different application components. We go into each requirement in detail, discuss how admissions decisions are made, and give guidance on what you should be doing during the year to apply effectively.

Admissions tests: ACT & SAT

Admissions exams are a way for some universities to compare applicants who might come from different backgrounds and educational systems across the USA and the world.

Results are used to support part of a university's admissions and merit-based scholarship decisions.

They can assess, among other things:

- Verbal reasoning and language analysis
- Critical reading
- Writing
- Mathematics and data analysis

Are they required?

Universities can set their own admission requirements. Many will require the submission of admissions exam scores. However, an increasing number of universities are becoming *test optional*. This means they will not hold it against applicants who do not submit scores. In lieu of a test score, a test optional institution might require you to submit a graded piece of coursework or controlled assessment. A full list of test optional institutions can be found on **www.fairtest.org**, but double-check with the institutions where you're applying to see if you need to take a test.

Which exam to take?

There are two undergraduate admissions exam formats accepted by US universities:

- ACT administered by ACT, Inc
- SAT administered by The College Board

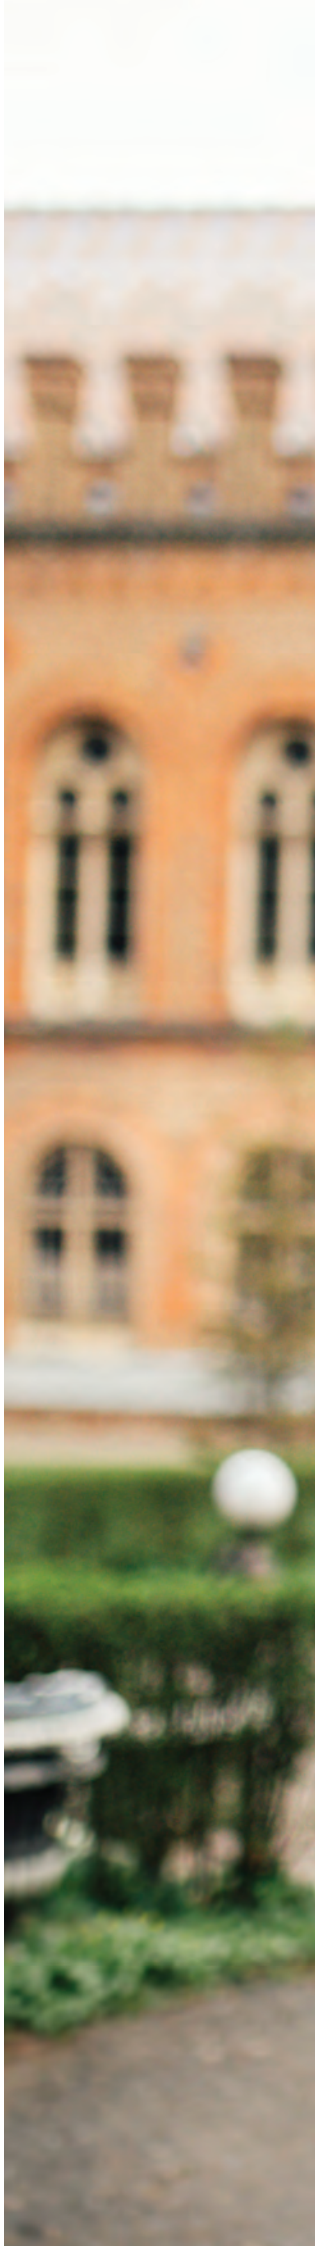
There are online resources comparing the two tests side by side, and we have linked the *Princeton Review table* on our website as a tool to help determine which test is the best for you.

Universities do not prefer one test over the other, so which one you take is down to your personal preference. You can take free sample tests on each exam's website and should play to your strengths.

Prepare properly for whichever exam you decide to take. There are many free resources available online, including practice-tests and resources provided by both ACT, Inc. and The College Board for their respective exams.

Test centre locations

Location and availability might determine which test you take as the SAT and ACT offer tests at varying points in the year as well as different test-taking centres. We have links on our website with the details related to testing centre locations and times.



The Advising Zone

ALMA COLLEGE
Alma, Michigan | www.alma.edu
An Alma College education seeks to instill a love of learning and celebrate the joy of discovery. Each Alma student will experience a deeply interdisciplinary education that provides opportunity for self-reflection, hands-on learning, and personal and professional development. It will embrace the principle of local, national and global learning communities, celebrate diverse identities, build upon strong mentoring relationships, and integrate rapidly changing technology essential for current and future career paths.

AMHERST COLLEGE
Amherst Massachusetts | www.amherst.edu
Amherst College is a premier liberal arts college, located in Amherst, MA, USA. Amherst College prepares students to make a difference in the world. Our financial aid program is among the most substantial in the nation, and our student body is among the most diverse. At Amherst, you are part of a lively, inquisitive, devoted community of students, faculty, staff, and alumni who find inspiration in one another and in the process of learning.

BABSON COLLEGE
Wellesley, Massachusetts | www.babson.edu
Located 16 kilometers outside of Boston, Babson College is a top-ranked business school and the No. 1 school for Entrepreneurship 27 years and counting. In 2023, Babson was ranked #10 College in America and No. 1 in Career Preparation by The Wall Street Journal. These honors showcase the impact of our hands-on curriculum, dynamic faculty, and unmatched career resources. Our Wellesley, MA campus is home to approximately 3,000 undergraduate students from nearly all 50 U.S. states and over 90 countries worldwide. Students earn a B.S. in Business, while getting to choose from 24 concentrations and everyone starts a business in their first year.

BARD COLLEGE
Annandale-on-Hudson, New York | www.bard.edu
Building on a 150-year history as a competitive and innovative undergraduate institution, Bard College's mission has expanded across the country, around the world, and to meet broader student needs. The undergraduate program at our main campus in the Hudson River Valley of upstate New York retains a reputation for scholarly excellence and civic engagement. We are committed to enriching culture, public life, and democratic discourse by training tomorrow's thought leaders.

BARNARD COLLEGE
New York, New York | www.barnard.edu
Barnard is a small, highly selective liberal arts college for women located in New York City. Our students are part of a diverse and close-knit community and study with leading scholars and teachers in small, intimate classes. Barnard also enjoys a unique partnership with Columbia University, situated directly across the street, providing students with additional course offerings, extracurricular activities, NCAA Division I Ivy League athletic competition and a fully coed social life. Our location in New York City grants students access to thousands of internship opportunities in addition to cultural, intellectual and social resources.

BENTLEY UNIVERSITY
Waltham, Massachusetts | www.bentley.edu
As one of the top business universities in the U.S., Bentley's future-focused curriculum ensures that students acquire the essential communications, math, problem-solving, teamwork and digital literacy skills before embarking on a personalized academic journey. The unique flexibility built into a Bentley education allows students to explore dozens of exciting business and liberal arts combinations. With six innovation centers, students master the latest industry software and cutting-edge tools. Students leave campus prepared for rewarding careers and ready to make a positive impact in the world.

BERKLEE COLLEGE OF MUSIC
Boston, Massachusetts | www.berklee.edu
At Berklee College of Music and Boston Conservatory, students explore interdisciplinary approaches to music, dance, theater, film, business, healthcare, education, technology, and more. Berklee is the preeminent institute of contemporary music and the performing arts, offering undergraduate and graduate degree programs at its campuses in Boston and Valencia. Dedicated to nurturing the creative and career potential of the world's most inspired artists, Berklee's commitment to arts education is reflected in the work of its students, faculty, and alumni—hundreds of whom have been recognized with Grammy, Tony, Oscar, and Emmy awards.

BOSTON COLLEGE

Chestnut Hill, Massachusetts | www.bc.edu

Ranked among the nation's best universities by U.S. News & World Report, Boston College is a top-tier, R1 research institution with an internationally recognized faculty of scholars. As a Jesuit-Catholic institution, Boston College is committed to an environment that challenges you personally and academically so you grow inside and outside the classroom. Located just 10 kilometers from downtown Boston, our beautiful suburban campus in Chestnut Hill provides a welcoming community home to a range of cultural programs, service organizations, student clubs, and Division I athletics. With over 50 majors in four divisions, students can study in our College of Arts & Sciences, Management, Education, and Nursing. As a university committed to global education, our students hail from 71 countries and can study abroad in over 200 locations on six continents.

BOSTON UNIVERSITY

Boston, Massachusetts | www.bu.edu/admissions

In the heart of Boston, Boston University serves as a standard for research, academic excellence, and dauntless passion to pursue knowledge without limits. Students can choose from more than 300 programs to create their own journey and path to success. With more than 450 student organizations, BU students can pursue their interests beyond the classroom and find a community that makes BU feel like home. A diverse student body from all 50 states and more than 100 countries around the world comes together to create a vibrant campus, where students are guaranteed four years of housing.

BOWDOIN COLLEGE

Brunswick, Maine | www.bowdoin.edu

Bowdoin College is a nationally recognized liberal arts college in Brunswick, Maine, founded in service of the common good. Home to roughly 2,000 students in beautiful mid-coast Maine, Bowdoin is proof that if you give smart, curious young people access to one of the best educations on earth, they will use it to create good in the world. Our students come from a wide variety of backgrounds, experiences, and locations. Bowdoin is test optional, need blind, and we meet full calculated need of all admitted students with need-based scholarships—not loans, and our all-encompassing support follows students through their entire college career.

BRANDEIS UNIVERSITY

Waltham, Massachusetts | www.brandeis.edu

Located 15km away from Boston, Brandeis is a medium-sized, top-tier research university — which means our students enjoy a combination of academic resources and access within a close-knit community. Students build close relationships with faculty and a dynamic community of students who are as invested in bettering themselves as they are in pursuing a greater good. Discover unmatched undergraduate research opportunities and the flexibility to combine different academic interests to create your own academic pathway.

BRYANT UNIVERSITY

Smithfield, Rhode Island | www.bryant.edu

Bryant University students transform meaningful hands-on learning experiences into phenomenal career paths through nationally recognized programs at both the graduate and undergraduate level. Bryant graduates receive comprehensive academic experience resulting in Top 1% return on investment. The campus, located in the suburban town of Smithfield, Rhode Island is conveniently located 15 minutes from Providence, 1 hour from Boston and 3 hours from New York City. 91% of first year students and 84% of all students live on campus, creating a tight-knit residential community.

BRYN MAWR COLLEGE

Bryn Mawr, Pennsylvania | www.brynmawr.edu

Bryn Mawr is a liberal arts and sciences college for women just outside the city of Philadelphia. The College is renowned for its academic excellence, historic residential campus, and opportunities for experiential learning. Extensive partnerships with nearby Haverford College, Swarthmore College, and the University of Pennsylvania expand academic and social opportunities. Students have diverse identities, backgrounds, and interests. However, Bryn Mawr students share in common their joy of pursuing an education that enables them to turn their passion for learning into a life of purpose.

BUCKNELL UNIVERSITY

Lewisburg, Pennsylvania | www.bucknell.edu

Bucknell University in Lewisburg, Pennsylvania, is a highly selective liberal arts university of 3,800 students from 45 states and more than 70 countries. Bucknell offers majors in the arts, engineering, humanities, management, sciences and social sciences. Known for integrating pre-professional preparation with the liberal arts, Bucknell is home to two new interdisciplinary centers for Entrepreneurship & Innovation as well as Data Science. Bucknell students live on campus, are engaged in more than 250 clubs and organizations and enjoy Division I sports, visiting world-class musicians, actors, scientists, writers and more.

CALIFORNIA LUTHERAN UNIVERSITY

Thousand Oaks, California | www.callutheran.edu

California Lutheran University is a private university with 3,700 students in Southern California, located in one of the safest cities in the US. We offer 46

undergraduate majors and 43 minors. Scholarships and financial aid are available to international undergraduate students with or without the SAT. Our graduate programs include degrees in business, economics, information technology, public policy, education and psychology. We are a diverse, inclusive and welcoming community of global leaders with students from over 65 countries.

CARLETON COLLEGE

Northfield, Minnesota | www.carleton.edu

Carleton College is a top 10 liberal arts college where professors are consistently ranked the best in the nation for their commitment to undergraduate teaching. It offers 33 majors and 40 minors, and 88% of students are interested in multiple academic fields. While Carleton's 2,000 students are curious and academically focused, they don't take themselves too seriously and are always there to help each other. Outside of the classroom, students are active in over 200+ student-led clubs. Six months after graduation, 95% of Carleton students are employed or in graduate school. Visit with us to learn more about Frisbee and the cookie house.

CARNEGIE MELLON UNIVERSITY

Pittsburgh, Pennsylvania | www.cmu.edu

Carnegie Mellon is a world-class, innovative university, rich with tradition and culture. Our interdisciplinary approach to education sharpens students' problem-solving, critical thinking, analytical and quantitative skills. Carnegie Mellon is uniquely positioned at the crossroads of technology and humanity. With more than 90 majors and minors from six different undergraduate colleges and schools, our premier fine arts, business and humanities programs are equally matched by top-ranked technology, science and computer science programs.

COASTAL CAROLINA UNIVERSITY

Conway, South Carolina | www.coastal.edu

Coastal Carolina University (CCU) is a dynamic, public liberal arts institution located on the Atlantic Ocean in the coastal town of Conway, South Carolina with a diverse population of 10,800 students and 200 international students representing 60 different countries. The state University offers 115+ undergraduate and over 20 graduate-level major fields of study including specialized concentrations across six academic colleges. CCU has 19 NCAA Division 1 sports teams and offers 112 student clubs for students to enrich their academic journey.

COLGATE UNIVERSITY

Hamilton, New York | www.colgate.edu

Founded in 1819, Colgate is a distinctive, leading American university known for its intellectual rigor, world-class professors, campus of stunning beauty, and loyal alumni. Through its curriculum, the engagement of the faculty, and life on the campus, Colgate challenges students to be enlightened thinkers and prepares them to be global citizens who will thrive in life and in work. At the core of Colgate University is one of the most ambitious and relevant learning experiences in the country. Offering over 56 areas of study, 250+ clubs and organizations, and NCAA Division 1 athletics, Colgate students are, at their core, ambitious.

CONNECTICUT COLLEGE

New London, Connecticut | www.conncoll.edu

Connecticut College, located in the coastal city of New London, CT, is home to about 2,000 undergraduate students and offers a distinctively integrative liberal arts education. Here "academic rigor" isn't just about the number of pages our students read or write: it's about synthesizing multiple viewpoints into breakthrough ideas. Students learn to look beyond typical narratives and assumptions and build strong connections among the many aspects of their college experience: the disciplines they study; the communities they inhabit; the languages they learn; their work in class, jobs and internships; and ultimately, their lives after college.

DAVIDSON COLLEGE

Davidson, North Carolina | www.davidson.edu

Davidson is a liberal arts college located 20 miles north of Charlotte, North Carolina, offering a broad range of opportunities for academic growth, leadership development and community involvement. Students participate in Davidson's 150+ organizations, perform in the arts, and engage in athletics through intramural, club, and NCAA Division I athletic teams. With 74 majors, minors, and interdisciplinary programs, students take advantage of community-based courses, entrepreneurial experiences, internships and research opportunities, and learn from professors committed to intellectual growth and success.

DENISON UNIVERSITY

Granville, Ohio | www.denison.edu

Denison University is an elite undergraduate and residential four-year liberal arts and sciences college in Granville, Ohio, a picturesque village just 25 mi (40 km) east of Columbus, the 14th largest city in the United States, and fastest growing city in the Midwest. Denison's diverse student body of 2,300 represents 79 different countries. Denison offers programs in over 65 academic areas, including new majors in data analytics and global health, and excels in faculty mentorship, student support, and career outcomes. Denison meets 100% of every admitted student's demonstrated financial need with Denison-funded grants and scholarships.

DICKINSON COLLEGE

Carlisle, Pennsylvania | www.dickinson.edu

Dickinson College is a nationally recognized liberal-arts and sciences college chartered in 1783 in Carlisle, Pennsylvania. Dickinson emphasizes small classes with extensive opportunities for research, fieldwork and internships. We offer 46 majors, including 13 STEM majors, plus minors. The college also is recognized as a leader among educational institutions committed to environmental sustainability, and over 60% of students study abroad. 96% of graduates are in a job, internship, graduate school or pursuing a fellowship within one year of graduation.

ELON UNIVERSITY

Elon, North Carolina | www.elon.edu

Elon University is a private, liberal arts university with 7,000 undergraduate and graduate students, located in the heart of North Carolina. The Elon curriculum is grounded in the traditional liberal arts and sciences with an emphasis on global experiences and career development. The university's academic divisions include Elon College of Arts and Sciences; the Martha and Spencer Love School of Business; the School of Communications; the Dr. Jo Watts Williams School of Education; the School of Health Sciences.

EMORY UNIVERSITY

Atlanta, Georgia | www.emory.edu

Emory University in Atlanta is a world-renowned hub for demanding academics and exceptional undergraduate education in arts and sciences, business, and nursing. Boasting nine top-notch professional schools, Emory has state-of-the-art research facilities, 11 hospitals, and a shared campus with the CDC. An $11B endowment fuels its mission, fostering a close-knit global learning environment that empowers students to shape their own academic experiences. Small classes and a flexible curriculum inspire scholarly inquiry. Faculty take pride in nurturing undergraduate research, making Emory a transformative journey for aspiring scholars.

FLAGLER COLLEGE

St. Augustine, Florida | www.flagler.edu

At Flagler College students can choose from 40+ areas of study; ranging from coastal environmental science to sport management. We are a small liberal arts institution, with 2,500 students, studying in Saint Augustine, Florida – The USA's oldest city. Our coastal campus has an average classroom size of 14 students, and learning here goes beyond traditional lectures, offering hands-on experiences, that enrich and inspire. Flagler College consistently ranks high for its academics, quality teaching, and architectural beauty. Flagler offers a range of student organizations; from academic, to social, to recreational and varsity sports.

FLORIDA INSTITUTE OF TECHNOLOGY

Melbourne, Florida | www.fit.edu

Florida Tech is a fully accredited, doctoral-granting research STEM university with a strong tradition of international education in an enriched technological environment. International students account for over 20% of our student population. Located on Florida's beautiful Space Coast in Melbourne, Florida; Florida Tech offers BS, MS, and PhD degrees in Computer Sciences & Engineering, Aeronautics, Business, Engineering, Psychology/Liberal Arts, and the Sciences. The area is home to some well-known multinational companies, national companies and small start-ups. The area has the country's fourth largest high-tech workforce and is home to the U.S. space program.

FLORIDA STATE UNIVERSITY

Tallahassee, Florida | www.fsu.edu

One of the nation's elite research universities, Florida State University is located on the oldest continuous site of higher education in Tallahassee, Florida. Through FSU's innovative First Year Abroad (FYA) program, students who have been accepted to FSU can spend their first year studying at one of FSU's international study centres in London, UK; Florence, Italy; Valencia, Spain; or Panama City, Panama. Upon successful completion of the FYA year, students are eligible for a tuition waiver, reducing tuition fees by 70% for the remainder of their first undergraduate degree at FSU. For a four-year degree, tuition savings total around $40,000.

FORDHAM UNIVERSITY

New York, New York | www.fordham.edu

Fordham, the Jesuit University of New York, offers a distinctive educational experience rooted in the 450-year old Jesuit tradition of intellectual rigor and personal attention. Located in the world's capital of culture and commerce, Fordham offers more than 65 undergraduate majors on two residential campuses, the tree-lined, 85-acre Rose Hill campus in the Bronx and the Lincoln Center campus in the heart of Manhattan's performing arts center. The University enrolls a diverse student body hailing from all states and many foreign countries, totaling approximately 15,800 students in its ten undergraduate, graduate and professional schools.

FULL SAIL UNIVERSITY

Full Sail University in Orlando, Florida has built a reputation as one of the premier art, music, and film schools in the world. Whether you're passionate about music, live concerts, video games, art and design, animation, filmmaking, web development or the business behind entertainment, an education at Full Sail University can help you begin your journey. Offering both campus and online degrees, Full Sail University is

a school dedicated to helping creative students follow their dreams in the entertainment and media industry. In addition, Full Sail offers an intensive ESL program geared towards media and entertainment.

GEORGIA INSTITUTE OF TECHNOLOGY

Atlanta, Georgia | www.gatech.edu

The Georgia Institute of Technology, or Georgia Tech, is a top 10 public research university with nearly 44,000 students who study in person at the main campus in Atlanta, at Georgia Tech Europe in France, at Georgia Tech-Shenzhen in China, as well as through distance and online learning. Students represent 50 states and 149 countries. Georgia Tech's engineering and computing Colleges are the largest and among the highest-ranked in the nation, and the Institute also offers outstanding programs in business, design, liberal arts, and sciences.

GEORGIA STATE UNIVERSITY

Atlanta, Georgia | www.admissions.gsu.edu/bachelors-degree/apply/international

Georgia State University is a premier research institution located in downtown Atlanta, Georgia - one of the fastest growing economic and cultural centers in the USA. GSU offers over 250 degree programs, including Business, Computer Science, Biomedical Science, Pre-Med, Nursing, Psychology, and Creative Media, as well as opportunities for internships and research. GSU also has an active campus life with dozens of clubs and Division 1 sports teams. Qualified international applicants are automatically considered for scholarships, and the return on investment for tuition versus career placement for GSU graduates is exceptional.

GETTYSBURG COLLEGE

Gettysburg, Pennsylvania | www.gettysburg.edu

Gettysburg College is a highly selective, globally recognized college of 2,300 undergraduates focused on the liberal arts and sciences. Here, ""Do Great Work"" is more than just a tagline. It is a challenge issued to all our students, faculty, and staff-a challenge that they exceed time and time again. Together with its historic location the Gettysburg Approach, engaged community and expansive Gettysburg Network, the College imparts on every student a breadth and depth of knowledge and set of enduring skills that shape A Consequential Education. Learning means doing, and you will quickly discover that Gettysburg is a campus of doing.

GREEN RIVER COLLEGE

Auburn, Washington | www.greenriver.edu/international/index.html

Green River College offers one of the most affordable and state of the art programs in the United States. This is a great way to cover more than half the expensive costs that comes with studying in the USA and also gain a top tier education. You can use these skills to transfer to other top American Universities including UC Berkeley, UCLA, University of Washington, and many more.

HARVARD COLLEGE

Cambridge, Massachusetts | www.college.harvard.edu/admissions

Harvard College is the coeducational undergraduate program of Harvard University. Its private, four-year liberal arts programme offers 3,700 courses in 50 fields of specialization. Located on 216 acres in Cambridge, Massachusetts, Harvard College is home to 6,600 undergraduates, coming from all 50 states and more than 80 countries, from every ethnic and religious background and from across the economic spectrum. Admission is based on achievement and promise without regard to financial need. Nearly 60% of undergraduates receive our need-based financial aid, which is available to non-citizens and citizens on exactly the same basis.

HAVERFORD COLLEGE

Haverford, Pennsylvania | www.haverford.edu

Located in the immediate suburbs of Philadelphia, Haverford College is one of the premier liberal arts and sciences colleges in the US. Haverford provides a rigorous and intensely personal liberal arts education inspired by intellectual depth, collaboration, and a commitment to ethical leadership. From the senior thesis program to the student-run honor code, Haverford students have substantial opportunities to profoundly shape their educational journey. Our 1,400 students enjoy the many benefits of living and learning in a diverse community made up of students from nearly every state and around 50 different countries.

HIGH POINT UNIVERSITY

High Point, North Carolina | www.highpoint.edu

High Point University is the Premier Life Skills University where we combine experiential learning and life skills development so that our graduates are ready to take on the world. HPU offers over 60 majors and minors with our top programs in Business, Communications, STEM, and Interior Design. Located in the center of beautiful North Carolina, you are just two hours away from the Blue Ridge Mountains, NC beaches, and one of the largest up-and-coming cities, Charlotte.

HOBART AND WILLIAM SMITH COLLEGES

Geneva, New York | www.hws.edu

Located on 320 acres in the heart of New York State's Finger Lakes Region, Hobart and William Smith

are independent liberal arts colleges distinctive for providing highly individualized educations. Guided by a curriculum grounded in exploration and rigor, the Colleges prepare students to think critically. In partnership with the Geneva and global communities and through robust programs in career development, study-abroad, service, leadership and athletics, the Colleges foster an environment that values global citizenship, teamwork, ethics, inclusive excellence and cultural competence.

HULT INTERNATIONAL BUSINESS SCHOOL

Boston, Massachusetts | www.hult.edu

Hult's transformative Bachelor of Business Administration (BBA) is designed around the universal truth that to master a skill—any skill, from riding a bike to leading a team—it must be practiced. Put theory into practice through real-world business scenarios, live client consulting, simulations, and hackathons. We'll work together, continuously, to help you build the essential knowledge base, mindsets, and skills to graduate with the tools you'll need for the role you want. Hult graduates set themselves apart as resilient, global, self-aware and ethical leaders. Study in Boston or London and rotate to Dubai or San Francisco over the summer.

HUSSON UNVERSITY

Bangor, Maine | www.husson.edu

Having celebrated it's 125th Anniversary last year, Husson University has a long standing tradition of offering quality, experiential education focused on professional careers. Located in Bangor, Maine, Husson puts the "hire" in higher education. We believe in professional education that is built for everyone. We pride ourselves on offering outstanding education, which is why 97% of our graduates are employed or in graduate school within one year of graduating. Husson also provides a vibrant student life community offering everything from art clubs to NCAA Division III athletics to those who are interested.

JOHNS HOPKINS UNIVERSITY

Baltimore, Maryland | www.apply.jhu.edu

Johns Hopkins University was founded in Baltimore, Maryland in 1876 as the first research university in the United States. Since our beginning, we've made extraordinary discoveries, advanced innovative solutions, and created a place where all students can see their big ideas brought to life. Supported by peers and faculty who are among the most passionate, dedicated, and talented people in the world, our students are motivated each day by this culture of fearless enthusiasm and pursuit of knowledge. We meet 100% of a family's demonstrated need, without any loans, for all admitted students, regardless of their citizenship.

KENYON COLLEGE

Gambier, Ohio | www.kenyon.edu

Kenyon College, located in Gambier, Ohio, is a unique academic community where collaboration rather than competition is the guiding spirit. Among Kenyon's compelling features: a classic college town; a welcoming and talented student body; a well-deserved reputation as a great place for writers; state-of-the-art facilities; an exceptional faculty; and an interesting and successful alumni group. The college calls itself "the perfect place to learn in the company of friends amongst a community of scholars."

LAFAYETTE COLLEGE

Easton, Pennsylvania | www.lafayette.edu

We believe in the power of "and". We are liberal arts and engineering. Athletics and research. Academics and community engagement. Art and entrepreneurship. Founded in 1826, we offer undergraduate programs on a residential campus rich in history and beauty. We challenge our students to move beyond the familiar. We dare them to use their intellect, energy, and talent to positively impact the world. Our students shape their futures through an eclectic mix of majors and minors, double majors, and dual degrees. If this sounds like the mindset you seek, then welcome home to a place where you will thrive.

LEES-MCRAE COLLEGE

Banner Elk, North Carolina | www.lmc.edu

Lees-McRae College is a small, private institution of 1,000 students known for our unique location and innovative academic programs. Located in the Blue Ridge Mountains of North Carolina, Lees-McRae offers over 50 academic programs, 25 NCAA Division II athletic teams, and 40+ student clubs and organizations. Some of our academic programs include Wildlife Biology, Wildlife Rehabilitation, Ski Industry Business, Cycling Studies, Wilderness Medicine and Rescue, Exercise Science, Business Administration, Criminal Justice, Theatre Arts, Healthcare Administration, and more. Our focus is on experiential learning and personal attention.

LIBERTY UNIVERSITY, HELMS SCHOOL OF GOVERNMENT

Lynchburg, Virginia | www.liberty.edu/government

Liberty University develops Christ-centered men and women with the values, knowledge, and skills essential to impact the world. Through its residential and online programs, services, facilities, and collaborations, the University educates students who will make important contributions to their workplaces and communities, follow their chosen vocations as callings to glorify God, and fulfill the Great Commission. The Helms School of Government is one of the largest schools on campus, providing students with endless ways to get involved and interact with experts in their chosen field.

HUSSON IS HOW

A Husson education is about more than just a degree. It's about getting access to the resources and skills you need to make dreams happen. It's about taking a giant step toward the future, your way. We're personally invested in helping you achieve it. Starting now.

LOYOLA MARYMOUNT UNIVERSITY

Los Angeles, California | www.lmu.edu

Loyola Marymount is a Jesuit university in Los Angeles. Top majors include Entrepreneurship, Marketing, Engineering, & Film. Our campus is nestled in L.A.'s tech and film hubs, 1km from the beach, within one of the city's safest communities. LMU's 6,400 undergraduates select from over 60 majors, while enjoying a 10:1 student/faculty ratio & a class size of 19. We celebrate a 12% international student body from 90 countries. LMU is committed to delivering an educational experience that integrates academic life with real-world experiences so that our graduates are equipped for academic and professional success in a global marketplace.

LYNN UNIVERSITY

Boca Raton, Florida | www.lynn.edu

Based in Boca Raton, Florida, Lynn University has 3,500+ students from 100+ countries. Most of our degrees, including International Business, Entrepreneurship, and Psychology, can be completed in three years. Lynn's NCAA Division II Fighting Knights have won 25 national titles, and its nationally recognized Institute for Achievement and Learning empowers students of all learning styles. Lynn's Dialogues curriculum and award-winning iPad program help its graduates gain the intellectual flexibility and global experience to fulfill their potential. This is partly why their job placement rate is 20% higher than the national average.

MACALESTER COLLEGE

St. Paul, Minnesota | www.macalester.edu

At Macalester College, students experience the best of both worlds—the inspiring and rigorous academic program of a liberal arts and sciences education, combined with the energy and opportunities of the Twin Cities of St. Paul and Minneapolis. Macalester's 2,200 students come from 94 countries and all 50 U.S. states. Supported by faculty and classmates in a challenging, yet collaborative learning environment. Graduates thrive in a global economy, gain access to top graduate programs, and make a positive impact on the world.

MARIST COLLEGE

Poughkeepsie and Florence, New York | www.marist.edu

Located on the banks of the historic Hudson River and at its Florence, Italy campus, Marist College is a comprehensive, independent institution grounded in the liberal arts. Its mission is to "help students develop the intellect, character, and skills required for enlightened, ethical, and productive lives in the global community of the 21st century." Marist educates more than 5,000 traditional-age undergraduate students and 1,400 adult and graduate students in 47 undergraduate majors and numerous graduate programs, including fully online MBA, MPA, MS, and MA degrees, and also Doctor of Physical Therapy and Physician Assistant programs.

MICHIGAN STATE UNIVERSITY

East Lansing, Michigan | www.admissions.msu.edu

Founded in 1855, Michigan State University is one of the top 100 research universities in the world. Offering more than 200 majors including a law school and three medical schools, MSU is nationally recognized for numerous undergraduate and graduate programs, including business, accounting, hospitality business, international relations, packaging, education, advertising, journalism, economics, communication, and criminal justice. MSU has an enrollment of nearly 50,000 students, including more than 38,000 undergraduate students. Over 2,300 international students representing more than 130 countries are proud to call MSU home.

MINERVA UNIVERISTY

San Francisco, California | www.minerva.edu

Minerva University is a San Francisco-based institution offering a groundbreaking educational experience. During their four-year journey, Minerva students live and learn in 7 cosmopolitan cities including San Francisco, Berlin, Seoul, Buenos Aires, Tokyo, and Taipei in a class of 85% international students. Minerva offers Arts and Humanities, Business, Computational Sciences, Natural Sciences, and Social Sciences majors through fully active learning seminar-based classes that ban lectures and tests, instead applying acquired knowledge in the real world through location-based assignments, civic projects, and city experiences.

NEW YORK UNIVERSITY

New York, New York | www.nyu.edu/admissions/undergraduate-admissions.html

An innovator in higher education, NYU embraces an urban identity and professional focus, and promotes a global vision in its 19 schools and colleges. NYU is one of the most respected research universities in the world, undertaking nearly $1 billion in research annually. NYU provides a rigorous, demanding education to more than 60,000 students in its New York City, Abu Dhabi, and Shanghai campuses. NYU also has 12 study away sites throughout the world and a vast network of 650,000+ alumni who have gone on to succeed nationally and internationally across fields, from the sciences to the arts, to business and government.

NORTHEASTERN UNIVERSITY

Boston, Massachusetts | www.admissions.northeastern.edu

Northeastern University is a national research university in Boston offering a unique model of flexible and personalized education that fuses together the

academic curriculum and practical, real-world-based co-curriculum. Central to this approach is the cooperative education program (co-op) pioneered in 1909. It integrates periods of classroom study with periods of six-month full-time paid employment in the field of the student's major. Over 3,300 organizations in the US and 85 countries offer co-op positions to Northeastern students. International students receive employment authorization that allows them to work on co-op anywhere in the US.

NYFA COLLEGE OF FILM, MEDIA, & PERFORMING ARTS (NEW YORK FILM ACADEMY)

New York, New York | www.nyfa.edu

New York Film Academy (NYFA) is a world-renowned film, media, and performing arts college that offers BFA and MFA degrees, 1-&-2 year professional conservatories, short-term workshops, and online classes. NYFA has campuses in New York, Los Angeles, Miami, Italy, and Australia. Students gain hands-on experience alongside industry professionals in Filmmaking, Acting for Film, Musical Theatre, Screenwriting, Cinematography, Producing, Game Design, Broadcast Journalism, Photography, and more. -- Whether shooting an independent film, writing a screenplay, or engaging an audience on stage or on camera, we cultivate and empower storytellers at NYFA.

PARSONS PAIRS & THE NEW SCHOOL

Paris, France and New York City, New York | www.newschool.edu

Our colleges and graduate schools include Parsons School of Design, Eugene Lang College of Liberal Arts, the College of Performing Arts, The New School for Social Research, the Schools of Public Engagement, and Parsons Paris. Our rigorous, multidimensional approach to education dissolves walls between disciplines and helps nurture progressive minds. With leading-edge faculty and world-renowned alumni, we are committed to developing students who will have an impact on the world and address the most pressing social issues of our time.

PURDUE UNIVERSITY

West Lafayette, Indiana | www.purdue.edu

Purdue University, located in West Lafayette, IN, USA, is home to 50,000 students, with over 9,000 international students from 128 countries. Whether you want to be an engineer or an artist, a health care worker or an entrepreneur, you can choose from over 200 majors to follow your passions and achieve your goals. Purdue is a global leader in Engineering and ranks highly in Nursing, Pharmacy, Business, Hospitality and Tourism Management, Education, and Computer Science. This is the kind of place where you build your future, one small step at a time.

RENSSELAER POLYTECHNIC INSTITUTE

Troy, New York | www.rpi.edu

Make a world-changing difference at the nation's oldest and one of the world's most renowned technological research universities, Rensselaer Polytechnic Institute, where students, faculty, and alumni have been defining the scientific and technological advances of our world for 200 years. Join a legacy of changemakers confronting the most pressing problems facing humanity and our planet.

RICE UNIVERSITY

Houston, Texas | www.rice.edu

Rice University sits in the heart of Houston on a 300-acre, tree-lined campus next to the Texas Medical Center and the Houston Museum District. We offer more than 50 majors across seven schools of study, and students have the freedom and ability to choose their own path. Student life centers on our eleven residential colleges, where students connect with each other and support each other throughout their time at Rice. This combination of excellence in academics and a vibrant and caring student life forms the heart of the Rice community.

ROLLINS COLLEGE

Orlando, Florida | www.rollins.edu

Rollins is a comprehensive liberal arts college nationally recognized for its distinctive undergraduate and MBA programs. Rollins educates students on global citizenship and responsible leadership, empowering graduates to pursue meaningful lives and productive careers. We offer a challenging curriculum (43% accept rate) leading to a Bachelor's degree, including 31 major fields of study, and reflect an innovative approach to education. Located in Winter Park, an attractive residential community only 10 mins from Orlando, Florida. Rollins offers qualified applicants academic, athletic scholarships, and need-based aid and is SAT/ ACT optional.

RUTGERS UNIVERSITY

New Brunswick, New Jersey | www.newbrunswick.rutgers.edu

Rutgers University–New Brunswick is the flagship home of Rutgers, The State University of New Jersey. It is within close proximity to New York City, Philadelphia, and the beaches of the Jersey Shore and supports a diverse community of 50,000+ students from all 50 states and 100+ countries. Standing among the nation's leading research universities as a member of the Association of American Universities and the Big Ten Academic Alliance, Rutgers is committed to academic excellence, innovative research, and public service. With 120 majors and five distinct campuses that form a single community, our students thrive in and out of the classroom.

SAINT LOUIS UNIVERSITY - MADRID

Madrid, Spain | www.slu.edu/madrid/admissions/index.php

Earn your US-accredited degree in the sunny capital of Spain at Saint Louis University – Madrid! Offering 18 full degrees which emphasize collaborative and experiential learning, our campus extends beyond the classroom and into the city. Through our Jesuit, liberal arts Core curriculum, students complete coursework in the humanities, social sciences, natural sciences and the arts, in addition to the major they pursue. Designed to connect students across disciplines and develop critical thinking, problem-solving and communication skills, SLU-Madrid caters to the whole person.

SALVE REGINA UNIVERSITY

Newport, Rhode Island | www.salve.edu

International students choose Salve for the same great reasons that U.S. students do: great teaching, great facilities and a great location. Named one of America's most beautiful colleges by Architectural Digest and Condé Nast Traveler, our historic campus overlooks the Atlantic Ocean in Newport, Rhode Island, home of world-class sailing, the International Tennis Hall of Fame and iconic music festivals just 1_ hours from Boston. We have a 13:1 student-faculty ratio and 50 academic programs with internships, research, combined bachelor/master's degrees and 70 student organizations, performance groups and 20 intercollegiate teams. Come join us!

SARAH LAWRENCE COLLEGE

Bronxville, New York | www.sarahlawrence.edu

Located just 15 miles from Midtown Manhattan, Sarah Lawrence College is a coeducational liberal arts college enrolling 1,400 undergraduates students. The College emphasizes independent, interdisciplinary study. Each student has a ""don"" or academic advisor, in the Oxford-Cambridge tradition, who helps them design their program of study. Sarah Lawrence does not offer formal majors; all degrees are Bachelor's degrees in liberal arts, but students may concentrate in a particular area through writing-intensive curriculum programs across the humanities, social sciences, creative and performing arts, and natural sciences and mathematics.

SCRIPPS COLLEGE

Claremont, California | www.scrippscollege.edu

Scripps College is the women's college of the Claremont Colleges, located in sunny Southern California. Students enjoy access to 60+ majors, small class sizes, and a collaborative learning environment with professors who value reciprocal knowledge building. All students complete research as part of the senior thesis requirement, and there are ample opportunities to engage in the Scripps and Claremont Colleges community. Most students live in Scripps-sponsored housing all four years, are involved in various clubs, internships, athletics, and traditions on and around campus.

SEATTLE COLLEGES: NORTH, CENTRAL, SOUTH

Seattle, Washington | www.intl.seattlecolleges.edu

Every year, 45,000 students, including 1,000 international students, choose Seattle Colleges – the only community colleges located within the beautiful and vibrant city of Seattle. We offer a variety of programs including University Transfer ("2+2" Associate degree); High School Completion Plus (Associate degree plus high school diploma in two years); Career Training (1-4 year programs in high demand fields); IP Short-Term Certificates (3-12 month "gap year" experiences); and a 5-level English language program serving beginning to advanced English language learners. Tuition is just over $10,000 per year, and classes average 25 students.

SPELMAN COLLEGE

Atlanta, Georgia | www.spelman.edu

Spelman College, a historically Black college and a global leader in the education of women of African descent, is dedicated to academic excellence in the liberal arts and sciences and the intellectual, creative, ethical, and leadership development of its students. With a reputation of graduating women who are leaders and prepared to take on any challenge, Spelman has consistently been ranked as the #1 HBCU for 16 years consecutively and as one of the top liberal arts colleges in the United States. The opportunities at Spelman are endless whether you are interested in studying abroad or completing an internship with a top corporation.

ST. JOHN'S UNIVERSITY

New York, New York | www.stjohns.edu

St. John's University is a private, Catholic university in New York City that celebrates diversity in all its forms. St. John's is home to nearly 1,000 international students from 118 countries worldwide. Our three metropolitan locations offer accessibility to Manhattan, a cultural, business, and economic hub. Students can choose from more than 100 bachelor's programs and more than 60 advanced degree programs from our College of Business, College of Pharmacy and Health Sciences, College of Professional Studies, College of Liberal Arts, School of Education, Institute for Biotechnology, and School of Law.

ST. OLAF COLLEGE

Northfield, Minnesota | www.wp.stolaf.edu

St. Olaf College was founded in 1874 as a Lutheran, residential liberal arts college. Today, St. Olaf retains its Lutheran identity and is known for its caliber of teaching, conservatory-quality music program, leading international study program, and the post-college

success of its graduates. With students from more than 100 countries, St. Olaf offers an academic program of 45 majors in a dynamic campus community just 45 minutes from the business, cultural, and recreational amenities of Minneapolis-St Paul and its 4.5 million residents.

SUFFOLK UNIVERSITY

Boston, Massachusetts | www.suffolk.edu

Suffolk University offers undergraduate and graduate degree programs in the College of Arts and Sciences, Sawyer Business School, and Law School. Suffolk's urban campus is in the heart of Boston, giving our students direct access to the state capitol, research institutes, medical centers, and business district. There are 4,566 undergraduate students; 12% are international from 96 countries, 100+ student clubs, sports teams, performing arts, and community service opportunities. With a 97% job placement rate after graduation, we place a strong emphasis on experiential learning, leadership development, and internships for real world experience.

SWARTHMORE COLLEGE

Swarthmore, Pennsylvania | www.swarthmore.edu

As one of the top liberal arts institutions in the nation – which features an accredited engineering program – Swarthmore offers close access to faculty and research opportunities. Located 11 miles southwest of Philadelphia, the 5th largest city in the U.S., students can explore our arboretum campus and take the train to Philadelphia for the best of campus and city life. The Philadelphia International Airport is 15 minutes away from campus by car. International students make up about 14% of our student body. Swarthmore meets 100% of institutionally determined financial need through loan-free financial aid for international students.

SYRACUSE UNIVERSITY

Syracuse, New York | www.syracuse.edu

Syracuse University is a private, urban research university on a residential campus located in Central New York. With an undergraduate enrollment of 15,000 and 5,000 graduate and law students, it hosts students from all 50 U.S. states and more than 120 countries. Founded in 1870, our 13 schools and colleges and over 200 academic programs prepare graduates to be real-world ready. Nearly half of students study overseas through Syracuse's highly-ranked study abroad program, or study away at one of our satellite campuses in Washington, D.C., Los Angeles, California or New York City.

TEMPLE UNIVERSITY

Philadelphia, Pennsylvania | www.temple.edu

Founded in 1884, Temple University has evolved into an international powerhouse in higher education and a top-tier public research institution with roughly 40,000 undergraduate, graduate and professional students. As the largest university in Philadelphia, Temple offers students a dynamic learning environment with supportive faculty, dedicated academic advisors and more than 160 major options within 17 schools and colleges. Temple's influence extends around the globe, with campuses in Rome, Italy and Tokyo, Japan, and a worldwide alumni network of more than 340,000.

THE AMERICAN MUSICAL AND DRAMATIC ACADEMY

New York, New York | www.amda.edu

At AMDA, performers from all over the world are transformed into the artists they aspire to become. Since 1964, AMDA has pioneered excellence in performing arts education, launching some of the most successful careers in theatre, film, television, and new media. Each year, approximately 1,500 students engage in AMDA's rigorous curricula taught by a faculty of more than 300 industry professionals. Offering Bachelor of Fine Arts Degrees, Associate of Occupational Studies Degrees, and Professional Conservatory Certificates, AMDA provides unparalleled performing arts training in the world's two entertainment capitals, Hollywood and Manhattan.

THE GEORGE WASHINGTON UNIVERSITY

Washington, D.C. |
www.undergraduate.admissions.gwu.edu

The mission of the George Washington University is to provide an environment where knowledge is created and acquired and where creative endeavors seek to enrich the experiences of the global society. With 7 schools and colleges and nearly 100 research centers and institutes, GW students receive hands-on experience as they explore nearly any avenue of personal interest.

TRINITY COLLEGE

Hartford, Connecticut | www.trincoll.edu

For over 200 years, Trinity College has called Hartford home. Our location, in the capital city of Connecticut, is one of the distinctive features of a student experience. Lessons learned in the classroom are put into action in the city. At Trinity College, we educate independent thinkers who are driven to do better for the world we live in. With 41 majors and over 25 minors, our 2,100 students shape their academic careers and explore new interests in an interdisciplinary fashion. Student-faculty relationships ground our community, allowing students to make connections, and apply critical thinking in Hartford and the world beyond.

TRINITY UNIVERSITY

San Antonio, Texas | www.trinity.edu

Trinity University prepares students to lead lives of meaning and purpose. Through hands-on education driven by perpetual discovery, rooted in the liberal arts and sciences, Trinity students answer questions and question answers. With more than 110 majors and minors (including a School of Business and 4 year Engineering degrees), you can chart an exciting academic course—or create one for yourself. Located in the heart of the #7 largest city in the US, students put into practice what they learn in the classroom, while also connecting with our vibrant and engaging campus community.

TUFTS UNIVERSITY

Medford, Massachusetts | www.tufts.edu

Tufts is located five miles from Boston's city center. A residential community with over 300 student organizations, a 9:1 student-faculty ratio and an average class size of 22, students have access to diverse academic offerings with over 150 majors and minors offered across its three schools: the School of Arts & Sciences, the School of Engineering and the School of the Museum of Fine Arts (SMFA). The foundation of a Tufts education rests on the ability to creatively tackle problems across a number of fields, communicate effectively in discussion and in writing, and understand the world from a global perspective.

TULANE UNIVERSITY

New Orleans, Louisiana | www.tulane.edu

Tulane University, founded in 1834, is a highly selective, private research university located in New Orleans. There are 7,500 undergraduates on our campus, with a student-to-faculty ratio of 8:1, and over 75 majors offered. While Tulane maintains the highest designation for research activity, the university is also recognized for the atmosphere of a smaller institution with classes averaging 21 students, and a flexible curriculum that encourages the study of multiple disciplines. Tulane values the experience our students gain from our city and as such, is well-known for its emphasis on public service and internships within the community.

UNION COLLEGE

Schenectady, New York | www.union.edu

Founded in 1795, Union College was so named to reflect the founders' desire to create a welcoming, unified academic community open to all religions and nationalities. Union is the kind of place where engineering, science, economics, social science, humanities and the arts go hand-in-hand. 80% of our student pursue more than one academic discipline. Vibrant research in all fields is woven into the Union curriculum. In recent years, Union has received gifts of $91 million to fund the development of the Templeton Institute for Engineering and Computer Science. Union students strive to make a difference locally and globally.

UNIVERSITY OF ARIZONA

Tuscon, Arizona | www.everywhere.arizona.edu

The University of Arizona is located in Tucson, Arizona with over 150 degrees to choose from. Many of the opportunities that we offer are hands-on internships as an undergraduate, merit-based award for international students, on campus living, over 300 clubs to join, opportunities to join our division 1 sport teams, and so much more! Tucson is sunny and affordable city to live in and has a growing community that welcomes you to be a part of!

UNIVERSITY OF CALIFORNIA, DAVIS

Davis, California | www.ucdavis.edu

UC Davis is a top tier research university located in Davis, the ultimate college town. It's green, laid back and friendly. You can walk or bike from the main campus to the main street in a few blocks. College students fill up the tables at nearby restaurants and coffee shops with their laptops, homework and friends. The town of Davis helps our students thrive.

UNIVERSITY OF CALIFORNIA, IRVINE

Irvine, California | www.uci.edu

UCI students are curious. The tinkerers, the dreamers, and the courageous of thought. They are inspiring, motivated, and care about the world around them. A world-renowned public university, UCI offers more than 80 undergraduate degree programs and excels in all things STEAM and beyond. Our campus will impress with its park-like southern California setting, and year-round 73 degree and sunny weather. We are within 10 minutes of the beach, one-third of all fortune 500 companies, and one of the safest cities in the U.S. And, did we mention that we are the Anteaters?!? Best. Mascot. Ever.

UNIVERSITY OF CHICAGO

Chicago, Illinois | www.collegeadmissions.uchicago.edu

The University of Chicago is renowned for its commitment to inquiry and its distinguished history in research, discovery and innovation. Undergraduates in the College receive a world-class education through academic learning, hands-on research, individualized advising, and professional preparation in one of the world's most dynamic and vibrant cities. Of the 5800+ undergraduates, international students comprise more than 15% of the student body. Students here are smart, broadly interested, academically oriented, and intellectually ambitious.

UNIVERSITY OF COLORADO BOULDER

Boulder, Colorado | www.colorado.edu/admissions

Located at the foot of the Rocky Mountains, the city of Boulder is a leading force in research, technology and entrepreneurship. At the heart of the city, the University of Colorado Boulder produces some of the best and brightest in these industries and our talented faculty, students and alumni are leading the way by inspiring innovative, humanitarian and social enterprises. Home to more than 2,900 international students from 100+ countries, CU Boulder is one of only 36 U.S. public research universities belonging to the prestigious Association of American Universities.

UNIVERSITY OF DENVER

Denver, Colorado | www.du.edu/admission-aid/undergraduate

The University of Denver (DU) is a premier private institution in the heart of the Rocky Mountain West. Located in one of the fastest growing cities in the U.S., our 6,000 undergraduates students at DU benefit from the entertainment and career resources of studying in such a dynamic city. Small classes taught by professors who are leaders in their field, a focus on experiential learning, top-ranked study abroad programs and a strong and supportive career center and alumni base help students build the foundations they need to create the kinds of lives and careers that lead to big impacts and positive changes. Welcome to DU!

UNIVERSITY OF FLORIDA

Gainesville, Florida | www.ufl.edu

The University of Florida is a public land, sea, and space grant research university in Florida. UF has an international reputation for educational excellence with award-winning faculty and top-tier research. More than 6,000 international students are enrolled from 138 countries in our supportive campus culture that embraces diversity. Florida is among the nation's leaders in technology transfer, turning discoveries into companies, products, and jobs. Ideas born here gather steam and make tangible impacts. We feed communities, heal coastlines, explore science, cure diseases, power cities, build industries, and imagine wonder.

UNIVERSITY OF MASSACHUSETTS AMHERST

Amherst, Massachusetts | www.umass.edu

At UMass Amherst, our students are creatives, innovators, and entrepreneurs. On our campus, they fearlessly challenge the conventions of today in pursuit of a better tomorrow. With over 100 major subject areas for full and part-time students, at UMass Amherst, you have the freedom to dream bigger. Expand your opportunities both on campus and off through the Five College Consortium, online classes, and blended format programs. The courses at UMass Amherst are as diverse and creative as our students. From science fiction to civil rights, our course catalog reflects the myriad interests, communities, and academic fields that thrive on our campus.

UNIVERSITY OF MIAMI

Coral Gables, Florida | www.admissions.miami.edu/undergraduate/index.html

The University of Miami is a private Tier I research university with 12K undergraduate students from nearly 100 countries around the world. Located in Coral Gables, Florida, we are just south of downtown Miami and at the crossroads of the Americas, providing students direct access to internships, experiential learning opportunities, and a wealth of culture. UM is comprised of 12 schools and colleges with 100+ majors and programs, and our flexible general education curriculum allows for academic exploration. At UM, students are highly involved through undergraduate research, service, Division I athletics, and 300+ clubs and organizations.

UNIVERSITY OF MINNESOTA TWIN CITIES

Minneapolis, Minnesota | www.intlstudy.umn.edu

The University of Minnesota is a top U.S. public research institution with world-class academics, award-winning faculty, and state-of-the-art facilities. University researchers have been responsible for some of the world's most innovative and life-changing discoveries such as the first successful open-heart surgery, the invention of the "black box" flight recorder and the cardiac pacemaker. Our faculty and alumni have achieved prominent positions on the world stage and received some of the most prestigious awards: 26 Nobel Laureates (including Peace Prize), two U.S. vice presidents, Pulitzer Prize awardees and Rhodes Scholars.

UNIVERSITY OF NORTH CAROLINA WILMINGTON

Wilmington, North Carolina | www.uncw.edu

At UNC Wilmington, North Carolina's coastal university, our mission is inspired by powerful teaching, in-depth applied learning, extensive research, student engagement, creative inquiry, critical thinking, thoughtful expression and responsible citizenship. Our values encompass a profound belief in excellence, diversity, integrity and innovation, and a profound determination to put students and our community first.

UNIVERSITY OF NOTRE DAME

Nortre Dame, Indiana | www.nd.edu

The University of Notre Dame is a Catholic research university in Notre Dame, Indiana. Ranked among the top 25 American universities, Notre Dame has 8,500 undergraduate students representing every state and over 80 countries. Popular majors include Finance, Economics, Computer Science, Political Science, Biological Sciences, English, Engineering, and

Psychology. Notre Dame's education develops the mind, body, and spirit, and promotes a strong sense of community among students. Through this holistic experience, Notre Dame cultivates impactful social responsibility to be one of the most powerful means for doing good in the world.

UNIVERSITY OF OREGON

Eugene, Oregon | www.admissions.uoregon.edu/international

At the University of Oregon, you'll be welcomed into a community of student and faculty scholars who embrace new ideas and the differences among us. You'll find that many of our 278 academic programs are ranked among the best in the world, with several among the top ten in the nation. You'll make strong connections in the Eugene community, a true college town with citizens who celebrate UO student success in classrooms and on athletic fields. You'll discover that "green" is part of our DNA—you'll study and live among true environmental leaders and be inspired to take action yourself.

UNIVERSITY OF PENNSYLVANIA

Philadelphia, Pennsylvania | www.admissions.upenn.edu

The University of Pennsylvania is America's oldest university and a member of the Ivy League. Located in the heart of Philadelphia, Penn features a beautiful and unified 279-acre campus. Benjamin Franklin founded Penn in 1740 to provide a practical and accessible education rooted in the liberal arts and sciences. Penn remains committed to Franklin's innovative vision, increasing access and diversity, integrating knowledge and research among our 4 undergraduate and 12 graduate schools, and engaging students in community service both in Philadelphia and globally.

UNIVERSITY OF RICHMOND

Richmond, Virginia | www.richmond.edu

The University of Richmond offers students an extraordinary combination of the liberal arts and sciences with a top-ranked business school and the first undergraduate school of leadership studies in the United States. Our 3,000 undergraduates – including students from over 70 countries – constitute an inspiring global community. The University is located on a safe, suburban campus just six miles (ten kilometers) from the City of Richmond. The nearby cities of Washington, D.C. and New York City also make great weekend getaways and are easily accessible by car, train, or plane.

UNIVERSITY OF ROCHESTER

Rochester, New York | www.rochester.edu

The University of Rochester is one of the country's leading private research universities. Rochester operates on a personal scale, creating exceptional opportunities for interdisciplinary study and close work with faculty. The University consistently ranks among the top in federally financed science, engineering, medical, and other research. Its College, School of Arts and Sciences, and Hajim School of Engineering and Applied Sciences are complemented by the Eastman School of Music, Simon Business School, Warner School of Education, and Schools of Medicine and Nursing.

UNIVERSITY OF SOUTH DAKOTA

Vermillion, South Dakota | www.usd.edu/international

We're South Dakota's Flagship University. The affordable public research institution with a small-town feel. USD offers 202 undergraduate and 78 graduate programs, and is home to 400+ faculty members. Students benefit from small class sizes and a student-to-faculty ratio of 15:1. Our unique attributes include our size (with an enrolment of less than 10,000, few research institutions have our intimate setting) and our affordability (College Board - the makers of the SAT - ranks USD as the most affordable Flagship University in the United States with a yearly tuition of $12,942 before scholarships).

UNIVERSITY OF VERMONT

Burlington, Vermont | www.www.uvm.edu

The University of Vermont (UVM) has been advancing knowledge to improve the health of our societies and environment. UVM is a national land grant university offering a breadth of opportunities and resources, including a major medical center and world-class STEM facilities. UVM professors are acclaimed researchers, scholars, and artists who bring their discoveries into the classroom and their students into their labs and field research activity around the globe. Students' lives are enriched by the university's location in Burlington, a Northeast hub acclaimed for business innovation, recreation, safety, and surrounding natural beauty.

UNIVERSITY OF WISCONSIN-MADISON

Madison, Wisconsin | www.wisc.edu

The University of Wisconsin-Madison is a public research university in Madison, Wisconsin, US. Founded in 1848, the beautiful campus is located in the capital city of Wisconsin. Students can choose from 132 majors and over 70 certificate programs in eight undergraduate schools and colleges. UW-Madison faculty and staff provide a world-class learning experience, and students have access to over 1000 different student organizations, and a variety of internship and research opportunities. Wisconsin Badgers come from all 50 states and over 100 countries. Upon graduation, they join a proud global network of over 440,000 living alumni.

VILLANOVA UNIVERSITY

Villanova, Pennsylvania | www1.villanova.edu/university.html

Villanova University is a top-ranked national university rooted in the liberal arts, offering more than 100 majors and minors in the liberal arts, sciences, business, engineering, and nursing. Founded in 1842, Villanova is the only Augustinian Catholic university in the nation. At Villanova, you'll find a personalized experience where teachers and students are partners in learning and scholarly inquiry, along with a campus community that is curious, driven, and involved. Our 260-acre suburban campus, only 20 kilometers from Philadelphia, features four beautiful seasons, gorgeous Gothic architecture, and three on-campus train stations.

VIRGINIA TECH

Blacksburg, Virginia | www.vt.edu

As Virginia's most comprehensive university and its leading research institution, Virginia Tech offers about 280 undergraduate and graduate degree programs to more than 37,000 students and manages a research portfolio of more than $556 million. The university fulfills its role as a land-grant by fostering a collaborative environment that integrates technology into all disciplines, so that the Virginia Tech community can serve as a force for positive change around the commonwealth, the country, and the world.

WAKE FOREST UNIVERSITY

Winston-Salem, North Carolina | www.wfu.edu

Founded in 1834, Wake Forest University is a private university located in Winston-Salem, N.C., with nearly 9,000 students. The undergraduate population of more than 5,400 hails from 47 states and more than 48 foreign countries. Ours is a vibrant and diverse academic community in which students pursue learning in one or more of the 45 majors, 60 minors and additional programs we offer within our six colleges and schools.

WASHINGTON COLLEGE

Chestertown, Maryland | www.washcoll.edu

As the tenth oldest college in the USA, Washington College challenges and inspires emerging citizen leaders to discover lives of purpose and passion. Unhurried conversation and close connections with exceptional faculty and staff complement a broad curriculum of study. A beautiful campus, ready access to exciting cities and the Chesapeake Bay, and engagement with cultures and communities locally and around the world afford our students ample resources and opportunities for personal exploration and shared challenges. The enduring values of Washington College – critical thinking, effective communication, and moral courage – move the world.

WASHINGTON UNIVERSITY IN ST. LOUIS

St. Louis, Missouri | www.admissions.wustl.edu

Washington University is a top 20, private university located in St. Louis, Missouri. We are a community where you can be an individual and achieve exceptional things. We are committed to learning and exploration, to discovery and impact. Washington University in St Louis is a four-year, private, independent, and co-educational university located in suburban St Louis, Missouri. The University is composed of five undergraduate schools – Architecture, Art, Arts & Sciences, Business, and Engineering. Graduate degrees are offered in each area, and there are professional schools of Social Work, Law, and Medicine. Over 90 undergraduate majors are offered. Washington University's 169-acre campus in suburban St Louis is home to 7,259 undergraduate students from all 50 states and approximately 55 foreign countries.

WELLESLEY COLLEGE

Wellesley, Massachusetts | www.wellesley.edu

Wellesley students change the world—they are barrier breakers and bridge builders. Wellesley is a liberal arts college and a women's college with just over 2,300 undergraduates in Wellesley, Massachusetts (just 12 miles outside of Boston) from around the US and the world. Every student comes in undecided, because we want our community to feel empowered to explore who they are and who they might become. Wellesley is financially possible: we meet 100% of the full calculated need of every student with an average financial aid package of over $65,000.

WESTCLIFF UNIVERSITY

Irvine, California | www.westcliff.edu

Westcliff University (WU) is an innovative, global higher education institution dedicated to educating, inspiring, and empowering students from around the world. Founded in 1993 and based in Irvine, California, WU is globally recognized and accredited. The University offers bachelor's, master's, and doctorate degrees spanning 21 areas of study including business, education, STEM, and law. At Westcliff, you will find that we are committed to diversity and inclusion. Our supportive culture ensures that students achieve academic success and are included in a caring community.

WILLIAM & MARY

Williamsburg, Virginia | www.wm.edu

William & Mary is a premiere public research university famous for our rigorous liberal arts and sciences curriculum and our dedicated, engaged professors. Our students are nothing short of exceptional; they're scholars, athletes, activists, musicians, world travelers and generous volunteers. Our campus, located in Williamsburg, Virginia, is a masterwork of preservation

and innovation. With a center in Washington D.C. and a joint degree programme with the University of St Andrews, we are ranked #1 for internships, #4 for participation in study abroad and #5 for making an impact, not to mention being ranked in the top 10 for happiest students.

WILLIAMS COLLEGE

Williamstown, Massachusetts | www.williams.edu

Williams believes in undergraduates. Students, scientists, artists, and scholars come here from around the world and make Williams a cosmopolitan epicenter, a creative incubator, a global stage, and a launch pad for impact that reaches far beyond campus. Williams recently launched the nation's first all-grant financial aid program, making it one of the most generous programs in the country. It's the breadth and depth of students' experiences—intellectual and experiential, theoretical and practical, local and global—that position graduates to thrive and lead in fields as diverse and evolving as they are themselves.

YALE UNIVERSITY

New Haven, Connecticut | www.admissions.yale.edu

Yale students enjoy the intimacy of a liberal arts college within a major research university. They choose from over 2,000 classes and 80 courses ("majors") in science, engineering, social science, and humanities. Yale's 14 residential colleges assure students a sense of community and belonging and are centers of students' social, intellectual, cultural, and extracurricular lives. Yale is in New Haven, Connecticut, with proximity to New York and Boston, and many destinations in New England. Yale is affordable for all, including international citizens. Financial need is met in full: admissions decisions are made without regard to need.
